PARADISE SUSTAINED

THE ROCKEFELLER LEGACY LIVES ON AT SIX ECO-FRIENDLY RESORTS

FOUNDED BY THE Ferragamo family nearly 20 years ago, the **Lungarno Collection** is a small, stylish group of hotels, suites, and villas in Tuscany and Rome. **Portrait Firenze** (www.portraitfirenze.com), which opened in May along the banks of Florence's Arno River, maintains the brand's fashionable footing with a residential-style design by the local architect Michele Bönan. Interiors in shades of platinum, black, and white feature overstuffed velvet couches, lacquered armoires, and ebonized wooden furnishings. Nearly all of the 34 accommodations look out to the Arno's famed Ponte Vecchio; top-floor rooms do so from private terraces. Guests can explore their surroundings with help from Portrait Firenze's concierges, who will arrange everything from a VIP visit to the 400-year-old perfumery Farmaceutica di Santa Maria Novella to a private dinner at the Uffizi Gallery. —ANDREW SESSA
