JET LAG BLESSING RITUAL

110 MIN | **350€**

Slow down, Loma Linda's Longevity secret

De-stress ritual created to relieve sleep disturbances caused by jet lag.

The ritual begins with a *Cryosuite Total Body* session that evenly reduces inflammation, stimulates melatonin production, and activates individual energy awakening mechanisms; the subsequent dry floating sensory deprivation session helps restore the balance of circadian rhythm and produces beneficial effects on sleep and its quality, instilling well-being and good mood. The ritual continues with a decontracting, enveloping back massage combined with head acupressure, followed by a multisensory treatment in which *LED Therapy*, binaural sounds, and inhalation aromatherapy induce deep relaxation of body and mind. A ritual dedicated to those who wish to regain a peaceful, restorative sleep in line with their biological clock, implementing a complete mental and physical detox.

PURA VIDA RITUAL

110 MIN | **310€**

Love, Nicoya's Longevity secret

Ritual designed to deeply detoxify the body, lighten the body and spirit and savor every present moment. It embraces the Costa Rican concept of "*Pura Vida*": a hymn to essential, genuine and generous living towards oneself and others.

A cloud of steam generated by a dance of warm cloths and olfactory symphonies predisposes the body and mind to surrender to a state of relaxation. Cocoa beans promote deep exfoliation, while volcanic mud and stimulation of reflex points at the feet ensure effective purification. During the experience, a facial and an enveloping massage in a harmonious choreography with bamboo canes instill a pure state of well-being and lead one to slow down, fall in love with oneself and open up to life.

AION RITUAL

110 MIN | **310€**

Reconnect, Ikaria's Longevity secret

Draining and oxygenating ritual designed to reconnect with the infinite dimension of limitless time. The power of cold, produced by the expert use of *CryoSpheres*, combined with the warmth of aromatic butters, leg wraps with red vine extract and rhythmic massage, promote instant activation of microcirculation and drainage of excess fluids, producing an immediate feeling of lightness and new vitality. A lifting facial completes the experience. An oxygenating experience for the tissues and rebalancing for the mind that allows you to rediscover the pleasure of a life of healthy and positive biorhythms for the body.

AÉRAS RITUAL

110 MIN | 310€

Move naturally, Sardinia's Longevity secret

Moisturizing and revitalizing ritual inspired by the ancient practices of thalassotherapy that transports us to the magical dimension of the Sardinian land; together with its scents, it invigorates the body, stimulates blood and lymphatic circulation and reactivates the natural bioenergetic postural balance. A foot ritual enriched with sea salt crystals and scented with the aromas of the Mediterranean scrub gives a sense of relief to the legs. A precise blend of juniper, myrtle and Sardinian salt gently smooths the skin, which is nourished with a natural fluid with powerful soothing, moisturizing and illuminating properties. A massage performed with cork balls and a synergy of pressure and stretching help ease accumulated tension to promote a natural recovery of the body.

The ritual ends with a stimulating scalp treatment that drives away thoughts while inebriating the mind with a blast of Sardinian seawater.

IKI-SABI RITUAL

110 MIN | 310€

Purpose, Okinawa's Longevity secret

A regenerating ritual which blends two ancient Japanese philosophies: *Ikigai*, the search for one's reason for being, and *Wabi-Sabi*, the spiritual and aesthetic acceptance of the imperfection of life. A treatment that harmonizes the body and spirit and gives new luminosity and elasticity to the face. Seaweed leaves on legs for a remineralizing effect with a fermented rice water and silk powder blend for an intensive care and beauty treatment. A gentle and sweet massage with olfactory symphonies that caresses the mind and silk cocoons that smooth and embellish the face lead to complete renewal. The ritual guides us to savor the value of what is truly important to ensure a healthy and long life.
